### South Campus Recommendation

The Finance Committee recognizes the Academy, a ministry of Whitesburg Baptist Church, has growing needs to minister to students and their families. Therefore, we recommend the following: Whitesburg Christian Academy has authority to proceed with the feasibility and building of a gymnasium, with the following parameters:

- WBC Finance Committee is responsible to clarify the financial parameters for building a gym.
- Total cost for the gym should be done without incurring any permanent/long-term debt to WCA/WBC.
- Resources for paying for the gym and any associated expenses should come from donors, not a capital campaign or existing operating funds.
- Work should not begin until full assurance of no permanent/long-term debt can be given to the WBC Finance Committee.
- The site of a gymnasium will fall within the Academy footprint and not prevent any potential long-term development of the South Campus.

#### Question & Answer Session
