

SEASONS

Level of Biblical Learning:

God wants people to live every day in ways that please and honor Him.

2 Peter 3:18

Parent Helps:

- Every season of life is an opportunity to grow as a person and as a follower of Jesus Christ (even kids).
- Read Luke 2:52- Jesus was a real boy who was fully God and fully human. He grew up just like your kids are growing up. He listened carefully to scripture being taught, he obeyed his parents, and he spent time in his Father's house (church).

Discussion Questions:

Younger Kids & Older Kids:

1. What are some things that grow and change?
2. How are you growing and changing?
3. What are ways you can learn more about God's word so you can keep growing? (Read the Bible; Spend time with God in prayer/worship; Obey His Word; Memorize Bible verses.)

Older Kids – Take It Further

Parents – Use your conversation to share with older kids about God's gift of eternal life.

1. Have you ever experienced a big change in your life? (Move, new school, school at home etc.) How did that make you feel?
2. How can kids grow closer to God when things are changing? (Read the Bible; Spend time with God in prayer/worship; Obey His Word; Memorize Bible verses.)
3. What are some big changes that will happen in your future? What can you focus on when those changes come?

Apply:

Pick a goal as a family to grow closer to God during this time. (Memorize a verse together, spend time in God's word as a family, etc.)

Activity:

Go on a nature hike! While outside find different plants, animals or insects and talk about how god is always changing things. All things grow with each season; they change over time, just like people.

Pray Together:

- Thank God for things that grow and change.
- Thank God for being with you even when things change in your life.
- Pray for each other as new changes come in your life. (New school, new friends, etc.)
