PRAYER

The Power of Crying Out

Principles of Prayer

Text: Galatians 4:6

Spiros Zodhiates

“Prayer is a mystery. We don’t know how it works, but we know that it does.”

Prayer is an expression and response to what we believe about God.

- What we believe about God is rooted in biblical truth .
- Our practice of prayer is an expression of what we believe .

Principles to consider...

- The basis of prayer is the Sonship of Jesus Christ .
- The foundation of prayer is the fatherhood of God .
- The enabling of prayer is the power of the Holy Spirit .
