

The Legacy Center

LiveYourLegacyHere.com

Family members often feel lost when facing the challenge of caring for their aging parents.

The Legacy Center equips and prepares families to care for aging senior adults, especially those with dementia and Alzheimers, and the uncertainties arising with that care.

The Legacy Center serves the aging population and their families by providing the following:

Senior Day Care Program
Senior Care Family Training
Senior Food and Care Kits

As a church, we will:

- **Pray - for their ministry and what they do**
- **Give - annual support through the Missions budget**
- **Go - provide helping hands and requested items**

The week of August 23-29, WBC will provide the following to fill 2000 Senior Care Kits:

- **Easy grip, big handled can openers**
- **Jar openers**
- **Small sauce pans**
- **Adult socks and disposable briefs**
- **8oz bottles of sanitizer**

Items can be dropped off at the church office during the week, or you can bring them next Sunday, August 30.

Additional Mission Opportunities

- **Reading to seniors**
- **Assisting in weekly food distribution**
- **Constructing raised garden beds for farm-to-table kitchen**

(If you're handy with a hammer, saw, or have mad construction skills, this is you!)
