

WBC BUDDIES

I'd like to take a moment to introduce myself to our Whitesburg family. My name is Alicia Wilkerson, and I am the new Special Needs Coordinator for the Buddies Program at Whitesburg. Since you've read about the vision of our ministry above, I would like to tell you a little about myself. I was born and raised right here in Huntsville and married to the love of my life, Dan, for 11 years. We have two adorable daughters, Haley (6) and Abigail (4). We love taking adventures together as a family. I work for my alma mater, UAH, as a Resource Manager for the College of Business. Before my move to the College of Business, I worked at the Early Learning Center at UAH. This is where my love for children with special needs grew.

As excited as I am about the start of this program, I know it cannot reach its full potential without you. We need partners to help begin the Buddies program. We have opportunities to serve one Sunday a month, every other Sunday, or step right into being a Buddy to a special friend each week. Join me in this exciting new time at WBC!

If you are interested in participating or serving in the Buddies Program, email me at specialneeds@whitesburgbaptist.org
